## Student Bank Is Place To Put That Precious Penny

By Nellie Wylie

After digging deep into your  
wallet and finding that only a few  
cents remain between starvation  
and your next allowance, have you  
ever wondered how many of your  
really live by that bit of adage,  
"Iron hand to mouth," a how  
many share that unobtainable  
living experience with you? A late  
visit from the student bank that  
checks totaling \$8,400 have been  
cashied on a single day proves that

large number of us are better  
bankers than others, or that a  
great amount of money is con-  
sumed in the months of Winthrop  
year.

25 Years Old

The student bank, which has  
been open for more than 25  
years, serves the student body and  
Winthrop's organizations, faculty,  
and administrative staff. There are  
450 student accounts, and the per-  
centage is still increasing.

## Students Learn Banking

No charge is made for use of  
of the bank. That hard-to-keep  
"spending" money may be de-  
posited in any amount from one  
dollar on and may be drawn out at  
any time. The foremost purpose  
of the bank is to familiarize stu-  
dents with banking details; so re-  
member, those of you who are so  
fortunate, even accounts have  
limits — the bank does not send  
out statements, but you may go by  
and your financial status will be  
given you in confidence.

The bank is open two hours each  
day except on Saturdays when it  
opens from 12 until one o'clock.

cian.

Special menus will be planned  
by students in the Advanced Nu-  
trition Class, under the direction  
of Miss Roberta London, second-  
ing to the food available for the  
dining room at large.

Although girls who have ob-  
tained permission to diet have done  
so voluntarily, they will be expected  
to adhere strictly to the re-  
quirements. Failure to do so will  
disqualify participation in the  
program.

Weight will be recorded at re-  
intervals to note the progress of  
the individual, and periodic check-  
ups will be made by the doctor.

According to Doctor Albertson,  
this system has worked success-  
fully in other schools. It will also  
prove beneficial here if the girls  
will realize that the results may  
not be immediate, and that it will  
take patience and perseverance.

## Wheeler Will Make Series Of Speeches

Dr. Paul Mowbray Wheeler,  
head of the English department,  
will address the Engineers' as-  
sociation of Columbia tonight at  
their annual ladies' night Valen-  
tine banquet.

He will speak to the High Point,  
N. C., Kiwanis club on January  
28.

Dr. Wheeler will talk on March  
3 to the Lions club at Marshville,  
N. C.

Miss Kate Harrell Chiles is cashier.  
Checks Good Here Only

Incidentally, Mr. Graham, the  
bank, reminded us that, while  
cashier checks may be obtained  
for use outside of the college, the  
regular checks are payable only  
to the student bank. It seems that  
recently some student checks,  
issued by the bank, were cashed  
from the college caused a slight  
disturbance in banks in Richmond  
and New York and resulted in a  
smaller crowding of the mail be-  
hind here and there.

## Survey Of Honor Grade Is Completed

Jean Williams, senior of Clin-  
ton, recently made a survey of  
the magna cum laude graduates of  
Winthrop of the past two years.  
Editorials based on the survey  
were published in the Anderson  
Daily Mail and the Greenwood  
Index Journal.

The survey showed that most of  
the students married. A number of  
girls left South Carolina for other  
states. Students who worked  
usually chose a job in the field  
in which they studied while in col-  
lege.

## Grier Is Speaker At Sunday Vespers

Collings, vesper chairman has an-

ory college in Due West and En-  
kine seminary. His father is an  
A.B.P. minister at Clover.

The speaker has selected for  
his topic, "Accentuate the Posi-  
tive."

## Deputation Team Has Program

A deputation team from the "Y"  
at the University of South Caro-  
lina presented the program for  
the Winthrop Christian association  
Fellowship Wednesday night in  
Johnson hall.

The group of four boys and  
three girls were entertained at a

## VISITORS AD SUNSHINE

Three former PE majors paid their respects to fair Alma Mater this past week and Sara Gentry, class of '42 and Kathleen Howell and Frances McKinney, graduates of '48 were quite impressed with the "face lifting" job in the gym. Come again soon girls.

## JUST CHRISTMAS SPIRIT

The many friends of Miss Julia Post were quite shocked by her array of red and green Christmas decorations during the holiday season. She admits that this festive season warranted the absence of her usual colors, but we can still see her.

## LUCKY NANCY

At the Twelfth Nat'l party Miss Post gave for the advanced folk dance class and performers on the Christmas assembly program. Nancy Tillingshaw recovered the piece of Twelfth Night cake containing the lucky bean. Not that they are superstitious — but let us know the outcome Nancy. Other items of interest might be guided by those who had their fortunes told. That must have been quite a party!

## LUCKY NUMBER 418

An exact to exact take-up Miss Irene Kent won \$300 worth of valuable prizes as an unexpected Christmas gift. Appearing on the fifteen-minute CBS program, "Grand Slam" in New York, she answered a music quiz in a split second to a five-piece disc jockey and a Western Union man. A Westinghouse iron with finger tip control, a cosmetic set, and a \$100 savings bond. She was one of three people from among the 300 students appearing on the program. Her number was drawn from a fish bowl.

## WORDS OF SYMPATHY

I am sure that I speak for the entire student body as I extend to Miss Post our deepest sympathy over the loss of her seven year old cat, "Peanut." Well known by all Winthrop girls (particularly the PE majors), "Peanut" led a very active campus life here and on college and university campuses in the West, which Miss Post visited during various summers. This unusual cat was famous for his travels in New England and the West. "Peanut" became acquainted with the Winthrop girls on his many lunch-time walks and campus appearances. "Peanut" will be remembered by those who knew him as a most important member of the physical education department and the entire campus.

## CHAMIONS CLINIC

Among 25 met at Myrtle Beach on January 8 for a basketball clinic was one Miss D. M. Chalmers. She and Vivian Wood, 1948 graduate, were the only women present at the occasion. On Friday Miss Chalmers refereed a game for Vivian in Conway, being the only woman in a long time to do so.

## LEARN TO DANCE

Rodney Lawrence was the scene for the organization of the social dance club Wednesday afternoon. This is a good chance to perfect those steps you are a little uncertain of, so join in the fun and dance away your blues.

## HONEY CHILE KENT

If anyone has a hunch as to why a Southern drawl in six easy lessons, you must contact Miss Irene Kent. She is looking for just this.

A new year should always bring new faces in this paper and on the page, but this happens to be an exception. Time has run out now, however, and this is the end. Peabody has been a fine second home for your sports reporter, and it is with regret that she makes her last official visit to the gym. Many thanks to Miss Post and the rest of the PE staff for their splendid co-operation. My only hope is that Peabody has successfully weathered the news-seeking storms. In closing my last efforts, I express my appreciation to Nancy Kendall for her able assistance and wish her happy sports hunting next semester.

## WAA Rules Are Listed

Rules concerning the use of Winthrop Athletic Association equipment have been set up by the council, announced Julie Schirmer, WAA president.

Cabinet supplies regulations are as follows:

1. All equipment must be signed out in a book provided for this purpose. Equipment or staff member must check equipment in and out.
2. Any group or individual may borrow supplies. They are held responsible for all equipment signed out in their name until it is returned and checked in by the proper authorities.
3. Equipment must be signed out during office hours. It may be signed out at that time if so desired. Equipment may be kept out 24 hours, Monday through Friday. For each use, one supply may be kept out from 1:00 Saturday afternoon until 9:00 Monday morning.

4. Only one person at a time may ride a bicycle.
5. The bicycle must be signed out and the key secured from the room office. The key must not be taken out of the building unless authorized in permit.

6. Before week-end use it is necessary to sign up before 1:00 Saturday afternoon and designate the hours of use. A permit received from the office must be presented to a policeman before the key can be secured.
7. A maintenance fee of five cents will be charged.
8. For emergency uses anyone may borrow a bicycle without charge, provided the bicycles are not in use.

Therapies, one of those courses designated as "required" of all physical education majors, really sounds like something important. Webster says that it is that part of medical science which treats of the discovery and application of remedies for diseases. The students say just about the same thing, or usually, anyway.

The course here is made up of three units. The first includes the principles and methods of normal diagnosis that is, the girl learns how to see and recognize deviations from the normal. Say you've got the sniffles, eh? Well, I do believe you have a cold. . . .

Correct Posture  
Unit two, as stated in the catalogue, covers causes, diagnosis, and methods of treatment of posture defects and foot faults. (This I heard to be treatment!) As stated by Miss Post, it is simply on correctives. The students learn how to analyze posture, how to identify all postural disturbances, and what exercises will correct them.

Massages  
Elementary techniques of massage is the third unit, or where the fun begins. This part of the course is the one in which the roommates get a free massage and come out truly blue. Maybe the girls are trying to even up an argument. Miss Post uses all sorts of devices to get the girls to massage according to rhythm. Drum beats and finger exercises (little, middle, ring, etc.) are supposed to help.

After graduation these therapeutic thumpers have the beginnings of qualification for entering physiotherapy. This sounds like an interesting future!

Could You?  
There is one thing that would completely disqualify me from the course . . . spelling. Would you like to walk in on one lesson? The words for the day are osculation, pediculus, myalgia, blepharitis, sphymomanometer, and so on. Besides pronunciation, they have to learn the meaning, too!

Commerce Course  
Commerce 60 is in Re-Opening, and Commerce 37, Office Management, have been added to the curriculum of the commerce department for the coming semester, according to Dr. Thomas W. Noel department head.

Modern Dance Club  
The modern dance group has already begun planning and practicing for the spring recital to be the curriculum of the commerce department for the coming semester, according to Dr. Thomas W. Noel department head.

Chairmen of the different activities include Imogene Watson, table tennis; Julie Schirmer, volleyball; Carol Shaw, badminton; Ann Martin, bowling; Jean Youmans, table tennis; Tabitha Dufford, swimming.

Members of the Athletic Council urge the entire student body and faculty to attend Play Night and make its debut a success.

## Modern Dance Club Adds New Members

Four new members have recently been added to the modern dance club, according to Imogene Watson, chairman of the group. The girls are Angie Area, Catherine Cooksey, June Hinds, and Elizabeth Ruppe. They were selected after terms Monday afternoon.

The modern dance group has already begun planning and practicing for the spring recital to be the curriculum of the commerce department for the coming semester, according to Dr. Thomas W. Noel department head.

Mr. Alice Solo is sponsor of the group. Mrs. John Baker is accompanist.

## In The Social Spotlight

WITH  
SARAH HALL, Society Editor  
PANSY DUNN, Assistant Society Editor

Just a few more class meetings now before the happy day of first examinations arrives. Among the sad thoughts which face us at this time are those of getting things in shape for the last issue of your social "gabbler." It's been fun trying to keep you informed on the social calendar. Thank you for cooperating so well.

## SPARKLE PLENTY

stepped out of the comics and on to Winthrop campus during the last days. The papers are sparkling with the faces of "Winners" who have received their engagement rings. Among those who returned with a flashing third finger, left hand are: "Miss" West, Shen Marston, Alice Lucas, Lillian Duke, Margaret Elliott, Bernice Horton, Margaret Van Lendingham, Betty Kennington, Dai Able, Wilma Gilcrest, Ruth Dunlap, Ann McLaughlin, and Wilma Copeland. May your future be full of happiness!

## FACING MESDAMS

King, Loadholt, and Robeson! Best wishes to you and your lucky husbands. Before their recent marriages, Mrs. King was Mary Evelyn Jones; Mrs. Loadholt was Adrienne Thomas; and Mrs. Robeson was Nancy Funderburk.

## HOME AGAIN LAST WEEK END

went Jane Hammett, Dot Smith, Martha Tharrington, and Bobbie Cauther of Anderson, and Nancy Kendall of Florence.

## VISITING OTHER SPOTS

were Geraldine Berry who went to Columbia and Carolyn Nisbet who visited her aunt in Charlotte, N. C.

## FORMER STUDENTS

are also in the spotlight with marriages and engagements. Here on the Campus Margaret Mangum, secretary in the home economics department, has announced her plans for a June wedding. Juanita Duncan was seen dropping by after her marriage last week.

## THE P. C. GLEE CLUB

did a fine job at the concert Sunday afternoon. The spontaneous applause given by the girls in the middle of the program seems to be enough said about the extent to which everyone enjoyed the grand performance. It would be nice if they could come back real soon.

## THE DINING ROOM

was the scene of a "great reunion" Saturday when former Winthrop students returned for a business meeting of the North Central district which was followed by a luncheon.

## HAPPINESS

seemed to be the prevailing note at the Saturday night party which was held in the gym. A large number of girls attended. As we said before, it surely has been nice, and we're going to miss giving you the news. "Packs" will keep you well informed, though. Bye!

## What Do Winthrop Girls Eat? - Dietician Threlkeld Answers The Question

By Pansy Dunn

Starch, trouble, meals, heads, and, then another meal, confront dietician Zula Threlkeld from noon until night.

Miss Threlkeld must be heard to exclaim anytime, "How Winthrop girls do us!" You see, cook out a meal for 1250 hungry girls isn't exactly the most pleasant thing in the world. And now there are tables for the ones who want to be skinny and the ones who want to be fat. Whew! The life of a Winthrop dietician!

### Greasy Bill Hits High

Have you ever thought what a monthly grocery bill is? In case you're interested the November one was \$21,155.64. That's an improvement over the last year's bill though it was \$25,288.16. Miss Threlkeld attributes this to the fact that the enrollment is so much smaller this year. The bookkeeping department of the dining hall stores keep account of the amount of food used and the cost. Monthly reports are sent to the administrative office.

Miss Threlkeld has been here

for four years; three of the colored cooks for 30 years; four for 15 years; and the remaining number of the staff of 30 members has been working from one to six years. Thirty-five full-time scholarship girls also contribute to the promptness of the meals.

### Breakfast At Winthrop

Our dietician doesn't have to lay her finger aside her cheek and keep a puzzled expression on her brow for hours trying to figure out how much she should buy for breakfast for "her girls." No, no, she just directs her workers to take out 169 pounds of flour to make the biscuits, 165 dozen eggs to scramble, and 22 pounds of coffee to brew. Did someone say that Winthrop girls eat heartily? Let's take a look around the fascinating bake shop now. That surely is a big oven. Well, what's new we expect to find when 179 girls have to be baked for one meal.

Most of the produce used in the dining room comes from the Farm. Included in this are the 90 gallons of milk which the girls drink at one meal.

### Recipe For Pineapple Fritters

If your family has 1200 members you may find that the following recipe for making pineapple fritters will come in handy. It was submitted by Miss Zula

Threlkeld, college dietician.

Ingredients are: 34 pounds of plain flour, 2 1/2 pounds of baking powder, 1 1/2 pounds of sugar, 12 dozen eggs, 5 pounds of butter, 1 cup of salt, 12 number 10 cans of pineapple, and enough milk for a drop batter. Then, you just mix and fry.

### Modern Conveniences

Any girl would envy the modern kitchen which one finds in the dining hall building. There are, among other things, three electric ovens, three deep fat fryers, six steam jacket kettles for potatoes, four small electric ranges, an electric dish washer, a glass warmer, and a huge electric mixer. One of the best improvements 10 years has been the new stainless steel coffee pots and pitchers. There are also 18 new trucks for carrying food to different parts of the dining hall.

Any complaints now?

## "Best Years Of Our Lives" To Show Jan. 22

"The Best Years of Our Lives" starring Fredrick March, Dana Maybank, Myrna Loy and Teresa Wright will be shown at the College auditorium January 22, at 7:30 p.m.

The story of three Army veterans and their readjustment, "The Best Years of Our Lives" gives a real story which will not easily be forgotten.

Dealing with one who has been married for many years before the war, one who was married during the war, and one who is in love and plans to marry afterwards, the movie gives the problems which these men had to face and the solutions which finally gave them happiness.

## Birthday Dinner To Be Tuesday

The monthly birthday dinner will be held January 18 at 6 p.m. in the College dining room, according to Theresa Lightsey, dining room chairman.

Twenty-two faculty and staff members having birthdays this month have been invited.

Included are Miss Virginia Barron, Mr. and Mrs. Lloyd Bender, Dr. and Mrs. Carl Brown, and Miss Mary B. Calvert.

Also, Miss Clara Cornwell, Mrs. Lella Dickinson, Miss Elizabeth Getty, and Mr. and Mrs. J. J. Godbold.

Also, Mrs. D. B. Johnson, Dr. and Mrs. T. W. Noel, Miss Doris O'Brien, Miss Hortense Rogers, and Mrs. Harry Ruff.

Other guests will include Mrs. L. F. Rutland, Mr. and Mrs. S. F. Seagle, and Miss Ruth Williams.

Since the people who have birthdays in August have not all been invited some of these will also be asked.
